SWBS WEATHERFORD OK FLY IN

November 12, 2022

by
Nancy Faust

We had great participation at the November fly-in to Weatherford, Oklahoma. 29 people joined us with 17 planes. Even Whit Hickman, the executive director of ABS joined us. Also a few nonmember Bonanza owners flew in and asked to join us for the day. SWBS continues to live up to the nickname we have been given, "the fun group."

We shuttled people to Lucille's Roadhouse with a courtesy car and a couple of members' who drove to the event. Thanks Weebs (John Wiebner), Kevin O'Halloran, Ed Braly and of course, Rich Faust for driving. The wait staff at Lucille's was very friendly. Food was good and the desserts were very large.

We made our way back to the airport where we were met by Max Ary, the executive director of Stafford Air & Space Museum and the docent for our tour. I believe the museum exceeded everyone's expectations. A few people decided to spend the night in Weatherford, and I understand they went out and had a lovely dinner.

Cody, the line guy, was very helpful and courteous. Overall, Weatherford, Oklahoma made us all feel very welcome.

Hope to see you at the next event!
